

## Want to make a positive change in the world?

With so much happening around the world, it can be hard to decide where your money will have the greatest impact. In the past, Pinnacle 20/20 has donated funds to help the villages in the Province of Colon, one of the poorest provinces in Honduras. To bring lasting change to these communities, we believe it starts with the children...the future leaders...the world changers.

One of the easiest and most beneficial ways to help these kids is to provide a daily lunch program in the schools. Most children come without a lunch to school. Poor nutrition leads to reduced academic performance and lowered mental capacity decreasing the children's opportunity to better themselves for the future. This problem affects not only individual students, but entire communities.

## So How Can We Help?

### Our Goals:

#### 1. BEGIN A LUNCH PROGRAM

Provide supplies needed to set up and conduct a daily lunch program starting February (new school year) 2018 for the elementary schools in the villages of Colon Honduras. Roughly feeding 130 children per school per day

**The public schools in this area have no support from government or other charities for uniforms, school supplies, or lunch programs.**

This is a set up that works well for schools. It fits in a kitchen hut and provides plenty of cooking surface for the lunch programs. Hondurans are familiar with using this type of cooking surface.

### Supplies needed to complete this goal:

- Building a small, separate building (kitchen) with running water to prepare the food in a safe and sanitary location - \$1000
- Provide a large stove and propane tank as well as pots for food preparation - \$350
- Provide vitamin-fortified rice and beans as well as supplemental food items to add to the rice and beans including eggs, vegetables, spices, and flour for tortillas on special occasions – About 30 cents per day.

**Total Cost for the first year of the lunch program is \$9,150 per school.**

## 2. PROVIDE SCHOOL SUPPLIES SO CHILDREN CAN ATTEND SCHOOL

The second goal of Pinnacle 20/20 is to assist in providing school supplies and uniforms for:  
130 students @ \$40 = \$5,200

**Total per school for the first year is about \$14,350.**
